HIGH SCHOOL ASSOCIATION

July 30, 2007

Frankie Jones
Georgia Traffic Injury Prevention Institute
1670 Culpepper Drive
Suite 300
Conyers, GA 30094

Dear Frankie:

After reviewing the materials about the "Georgia Teens Ride with P.R.I.D.E.", I must say that I am very impressed with this program. The issue of teen driving has been a matter of concern for many years, but this program's emphasis on a family-based approach is significantly appealing. I found the materials to be realistic without being melodramatic. This should enhance credibility with the students who sometimes tend to tune out things they feel to be just "scare tactics".

While the Georgia High School Association only deals with a portion of the total student population in the state, I am prepared to help with whatever resources the association may possess. Please call on the GHSA to assist in getting the word out on the project.

Sincerely,

A handwritten signature in black ink, appearing to read "Dr. Ralph E. Swearngin Jr.", is written over a faint, circular embossed seal.
